Floating Foam Tube Racks

Float in small baths as well as large vessels

Brightly-colored, high-density polyethylene foam racks are ideal for floating tubes in water baths, tubs, or beakers. Closed-cell foam resists water absorption so racks can be washed and reused. Racks include carrying handles—easy to lift samples out of baths

Floating (Green/Diamond) foam tube rack

4X50ML TUBES

2165B

Floating Foam Tube Racks

Float in small baths as well as large vessels

Brightly-colored, high-density polyethylene foam racks are ideal for floating tubes in water baths, tubs, or beakers. Closed-cell foam resists water absorption so racks can be washed and reused. Racks include carrying handles—easy to lift samples out of baths
